Prevention of Infection

This guideline will be revised as necessary based on the future situation of COVID-19 and the guideline of the government, Kyoto Prefecture, etc. We have prepared this in accordance with the policies of the Japan Exhibition Association.

A-1 Basic Policy

We will take measures to prevent the spread of infection by avoiding to make closed spaces, crowded places, close-contact settings. Please note these measures may be added or changed.

A-2 Measures to be taken by Exhibitors (Maker) and Sponsors

- Wearing a mask and frequent hand washing and disinfection, and taking a temperature before entering the venue.
- You can use sneeze guard if necessary. But you must be fireproofed due to the Japanese law for that.
- The maximum number of people who can stay in a booth at the same time is as follows.
 - 2100*2100mm: Up to 4
 - 2100*4200mm: Up to 8
 - 4200*4200mm: Up to 16
- No tasting or selling of food products.
- In the case of touching works, products or conducting workshops, disinfect the works, products and equipment etc., as well as the Maker's and participants' hands.
- Keep a distance of 1 meter between the Makers and visitors or participants of workshop if possible. If It's difficult, refrain from conversation.
- Preparing signs explaining the artwork, products and outlining workshop procedures and notes for reducing conversation.
- If you have a fever or feel sick, or have been in close contact with someone who has tested positive for COVID-19, refrain from coming to the event.
- If you want to have a light meal at the venue, you can do so only at your own booth without conversation.
- Do not bring alcoholic beverages into the venue.

PROGRAM Call For Makers

Maker Faire Kyoto showcases the amazing work of all kinds and ages of makers—anyone who is embracing the do-it-yourself (or do-it-together) spirit and wants to share their accomplishments with an appreciative audience.

We fortunately have received applications more than the exhibit spaces. Please note that not all applications will be accepted. Once you apply for the maker exhibit entry, we will contact you to tell whether you win an exhibit ticket **by the end of February 2023.**

Applications Close – **February 6, 2023, 1:00 p.m. (JST)**

Presentation and Outdoor demonstration

Optional activities (Presentation and Outdoor demonstration) are limited and your request will be considered. You will receive a confirmation email about optional activities. Translation service is not provided at the Stage and Outdoor area. If your optional activity is approved, please be ready to host your session in Japanese.

Internet Connectivity

- If your booth activities rely on Internet connectivity, it is essential that you order the necessary services. A public or rental Wi-Fi network (you need to register or order in advance) might be unreliable for sustained booth activities due to high traffic and interference.
- Those who conduct the presentations and workshops should bring the proper preparations without any Internet connectivity in case of unstable network condition.

Electrical Services

- We will provide the power supply capacity you requested at the time of registration. There is only one power outlet near each table, so please be sure to bring your own "power strip" (no drum reels).
- You cannot use more than the power supply capacity you have applied for. No changes will be accepted after registration.
- Please bring your own voltage converters.

Exhibit

- Basically the space is empty except rental tables, chairs, and an electrical outlet. Please bring the necessary items and equipment by yourself.
- Please note that fabric items (flag, curtain, tablecloth, carpet), plywood for display and other similar goods must be fireproofed due to the Japanese law.
- No exits, fire fighting equipment, or emergency equipment may be blocked or obstructed under any circumstances.
- Please take all of your trash and disposal items home when you leave.

Safety & Prohibited Issues

- All exhibits and dangerous materials you are going to bring must be submitted through this Makers Application Form and/or Final Registration. Describe all possible safety issues. Non-Registered dangerous materials must be removed from the exhibiting spaces.
- Exhibiting with fire (any size of flame) and/or bringing fuel (liquid, gas, etc) on site are prohibited by Japanese law.
- The Fire Department will inspect your exhibit during set-up (April 29 evening or April 30 morning) according to the Final Registration you submit. Organizer will notice you the inspection schedule later, if you are required to be present during the inspection. Makers and sponsors must be at their space and ready to exhibit when the Fire Department arrives. Non-Registered dangerous materials must be removed from the exhibiting spaces.
